which it is unsafe to buy flour. Government reports show how so-called cheap flours are filled with adulterants and treated with chemicals. You'll not find Ballard's Oblique Flour in that class. It is an absolutely pure flour, milled from the choicest wheat. Order a sack and you'll acknowledge it is well worth its price and more.

The Cause of Colds.

Good Advice Regarding the Prevention of Coughs and Colds.

If people would only fortify and strengthen the system, the majority of cases of coughs, colds and pneumonia might be avoided. These troubles are frequently due to weakness, which produces a catarrhal condition of the mucous membrane, which is an internal skin of the body. When this skin is weakened it becomes easily infected with germs which cause many of the diseases to which flesh is heir. Healthy mucous membranes are essential safeguards of the body's general health.

An excellent aid in the prevention of coughs, colds, pneumonia, and such like infectious diseases, is a remedy that will prevent or cure catarrh.

We have a remedy which we honestly believe to be unsurpassed in excellence for the prevention of coughs, colds and all catarrhal conditions. It is the prescription of a famous physician, who has an enviable reputation of thirty years of cures gained through the use of this formula. We promise to make no charge for the medicine should it fail to do as we claim. We urge everybody who has need of such a medicine to try Rexall Muc-Tone.

It stands to reason that we could not afford to make such statements and give our own personal guarantee to this remedy if we were not prepared to prove the reasonableness of our claim in every particular, and we see no reason why any one should hesitate to accept our offer and try it. We have two sizes of Rexall Muc-Tone, prices 50c and \$1.00. Sometimes a 50-cent bottle is sufficient to give marked relief. As a general thing the most chronic case is relieved with an average of three large bottles. You can obtain Rexall Remedies in Richmond only at Perry & Thomas.

With The New Firm

Mr. Charlie Sharp, who met with an accident in a runaway last year, losing the sight of his eyes, a short time ago made an arrangement with B. H. Luxon & Bro., whereby he obtained a small commission on every load of coal he sold for this firm. On the purchase of Mr. Luxon's business by Broadbent & Vaughn, he made the same arrangement with them, and takes this method of notifying the public that he is endeavoring to make an honest living in this manner, and solicits your orders. Call on or telephone No. 697. j-19-1f.

Land, Stock, Crop

Henry Bowman, of Rockcastle, got \$283 for the tobacco from two acres.

The 131-acre farm near Nicholasville, known as the Welch place, sold at \$107.

At Bowling Green on court day mules sold at \$175 to \$225. One extra good one brought \$275.

John L. Helm & Son, Elizabethtown, sold to Sam Bell, of Glendale, 98 head of export cattle at 5 1-4 cents per pound. The cattle averaged 1,400 pounds.

Expert farmers are wanted by Uncle Sam to teach the Indians how to farm. He offers \$1,200 a year, and must be graduates from agricultural colleges.

Believing that an entire herd of cattle at the Arkansas Hospital for the Insane was affected with tuberculosis, the State Board for Charitable Institutions has ordered seventy-six head to be slaughtered.

Stock hogs in Hardin county are a scarcity and the price thereof is at an aeroplane height. A bunch of 50 sold at 8 1-2c. Some of the dealers in this class of hogs are even asking 9 and 10 cents, says a dispatch.

Cattle traders and hog buyers will do well to go slow for a while. The meat boycott all over the country is having its effect and prices will fall off still more. Right or wrong the agitation is bound to result in lower prices.

Mrs. Scott Durand started the audience at the Kane county, Illinois, Farmers' Institute when she told them that her profits last year on 60 dairy cows were \$12,000. Asked what she did with the money she said she spent it in keeping a free kindergarten in Chicago. She said that she kept her dairy barn as clean and wholesome as her kitchen.

A Lot of Truth.

The following "poem," taken from an exchange, contains more truth than poetry. Listen: "The rose that smells the sweetest is the first to fade; the boy who runs the wildest is the one to soonest fade. The brightest of the evening has the gloomiest dawn; the man who buys the biggest yard must mow the biggest lawn. The apple that is largest has the fattest worms of all; the fellow who gets on in life is always full of gall. The soup that looks the cleanest is the first to show the flies; the fellow who would sell the goods must pay to advertise. The hen that lays the biggest egg will be the first to set; and the things we all hanker for are the last of all we get. The simplest thing is always best, and yet we pass it by to monkey with the tinsel things that catch and fool the eye."

When Is Easter?

Easter is always the first Sunday after the first full moon after the vernal equinox on March 21st. This year Easter Sunday will fall on March 27th, fifteen days earlier than it did last year. It will be the second earliest Easter in a quarter of a century, that on March 22nd, 1904, being the vernal equinox in that period.

Wants An Orator.

The Elizabethtown News, discussing the problem of whom the Democrats should nominate for Governor next time, says that some man should be selected who has the ability to enthuse "the boys" and make them throw up their hats when he takes the stump; it says that Clay, Breckenridge and Elihu were made popular and invincible by their oratorical powers, and that the Democratic majority was reduced twenty thousand when Buckner made the race against Bradley, because the former was unable to cope with him on the stump, and that it was Bradley's superiority over Wal Hardin in this respect that defeated the latter for Governor. The News concludes its article by suggesting Hon. J. C. S. Blackburn as the man who can redeem the State from Republican rule.

Hamlet to Date.

To beef, or not to beef? That is the question. Whether 'tis nobler in the human corporation to suffer the stings and gnawings of unrequited appetite, or by taking pledge against the food-price boosters and them.

To sniff, to taste, to chew, to gorge!—steak—chop, roast, tongue, ribs, wieners—perhaps to dream!

Aye, there's the grub! For in that dream what vision may come—twelve cent hamburger, ten cent tenderloin, eight cent liver—to horrow up our starved imaginations!

Ah! 'tis the price that makes cowards of us all, inclining us rather to accept the vegetable menu, even though in dreams we nose such indigestive pangs as sleep may conjure from the baseless fabric of a phantom ham!

State Farmers Institute.

The State Farmers Institute will be held at Frankfort on February 23rd, 24th and 25th. Farmers from all over Kentucky will go to Frankfort for State Institute and the meeting will be one of the most interesting which has ever been held. Commissioner Rankin has prepared an attractive program for the institute and expects to have some of the best posted farm experts in the country to make talks. The session will be devoted to work and business and the delegates will have little time for anything outside.
